

TASTE of HURON VINE & ALE TRAIL

Welcome

Discover Huron County's Rural Routes

Discover what's growing in Huron County, Ontario's newest wine, cider and craft beer destination...

Welcome to Huron County's Vine & Ale Trail, where you're invited to follow your own and visit farm-to-tap craft breweries and family-owned wineries, creating distinctive bespoke vintages from unique, cold climate grape varieties grown on site.

Farming is our way of life in Huron County and part of that rich agricultural history is fruit production. A century ago, our backroads were lined with orchards laden with peaches, pears, plums, and cherries. At one point in our history we were one of Ontario's biggest producers of apples. You can taste this heritage in our exciting and innovative wines. Every richly textured, fruit-forward bottle of Huron County red, white, or rosé will make you look at Ontario wine in a whole new way.

Whether it's a scenic drive along country roads, cruising over 100 km of scenic shoreline, dining on fresh, locally-grown menus, watching one of the best sunsets in the world, or simply kicking back somewhere new – find your unforgettable experience at OntariosWestCoast.ca.

Our brewers draw their inspiration from the same agricultural heritage. Crafting delicious and unique ales, stouts, lagers, pilsners and seltzers from grown-right-here ingredients with our clean fresh water to create innovative and authentic flavour profiles. From microbreweries to destination craft breweries, our brewers demonstrate the same environmental stewardship as our farmers, committed to creating their products in sustainable and environmentally responsible manner to protect the land and water for generations to come.
