Part II Bistro is a family-owned business established in 2012. My wife and I travelled the U.K. for six years working in the hospitality business before settling down in Huron County. With Goderich as the hub of the county we set our sights on opening a part Fine part Casual restaurant. We source local ingredients as much as possible from produce, dairy, meats, wine, and beer. With good food and our amazing staff, Part II is known for making your experience in Huron County one to remember. We look forward to seeing and serving you in the near future.
